

Dr. Vladan Ranković

GENERAL INFORMATION

Date of birth: 05.07.1975

Gender: male

Address of institution: Institute for Auditory Neuroscience & InnerEarLab
University Medical Center Göttingen
Robert-Koch-Str. 40
37075 Göttingen

E-mail: vladan.rankovic@med.uni-goettingen.de

Auditory Neuroscience and Optogenetics Laboratory
German Primate Center
Kellnerweg 4
37077 Göttingen

Tel.: +49-(0)551-3851-209

E-mail: vrankovic@dpz.eu

Current position: Group Leader, Institute for Auditory Neuroscience, University Medical Center Göttingen and Auditory Neuroscience and Optogenetics Laboratory, German Primate Center

ACADEMIC EDUCATION

2005 – 2009 Postgraduate studies in Biology/Neurobiology
Otto-von-Guericke University Magdeburg, Germany

1995 – 2004 Diploma studies in Biology (Neurobiology), Faculty of Biology,
University of Belgrade, Serbia

SCIENTIFIC DEGREES

2009 Dr. rer. nat (Prof. Thomas Budde) in Biology/Neurobiology, Otto-von-Guericke University Magdeburg, Germany

2004 Diploma degree in Biology (Neurobiology), Faculty of Biology,
University of Belgrade, Serbia

PROFESSIONAL CAREER AFTER COMPLETING DEGREE

Since 2017 Group Leader, Institute for Auditory Neuroscience, University Medical Center Göttingen and Auditory Neuroscience and Optogenetics Laboratory, German Primate Center

2015 - 2017 Postdoctoral Fellow, Institute for Auditory Neuroscience & InnerEarLab, University Medical Center Göttingen (Prof. Dr. Tobias Moser)

2014 – 2015 Senior Scientist at TiHo, Department of Pharmacology, Toxicology and Pharmacy, Hannover, Germany, (Prof. Dr. Wolfgang Löscher)

2013 – 2013 Postdoctoral Fellow at German Center for Neurodegenerative Diseases (DZNE), Magdeburg, Germany, (Prof. Dr. Alexander Dityatev)

- 2010 –2013 Postdoctoral Fellow at Leibniz Institute for Neurobiology, Magdeburg, Germany, Group of Neuroplasticity (PD Dr. Michael Kreutz)
- 2009 –2010 Postdoctoral Fellow at Institute of Pharmacology and Toxicology, Magdeburg, Germany, group of Molecular Neuropharmacology (Prof. Dr. Volker Höllt/PD Dr. Thomas Koch)

MISCELLANEOUS

Fellowships, Awards and Honors

- 2014 EPITARGET consortium fellowship, Targets and biomarkers for antiepileptogenesis
- 2005 DFG scholarship, GRK 1167 “Cell-cell communication in immune and nervous system”

Further Scientific Activities (selected)

- Since 2015 Member of American Society of Gene & Cell Therapy: ASGCT
- Since 2015 European Society of Gene and Cell Therapy (ESGCT)
